More About This Cancer

*These stat facts focus on population statistics that are based on the U.S. population. Because these statistics are based on large groups of people, they cannot be used to predict exactly what will happen to an individual patient. To see tailored statistics, browse the SEER Cancer Statistics Review (<https://seer.cancer.govhttps://seer.cancer.gov/csr/>). To see statistics for a specific state, go to the State Cancer Profiles (<https://seer.cancer.govhttps://statecancerprofiles.cancer.gov/>).*

*The statistics presented in these stat facts are based on the most recent data available, most of which can be found in the SEER Cancer Statistics Review (<https://seer.cancer.govhttps://seer.cancer.gov/csr/>). In some cases, different year spans may be used. Estimates for the current year are based on past data.*

*Cancer is a complex topic. There is a wide range of information available. These stat facts do not address causes, symptoms, diagnosis, treatment, follow-up care, or decision making, although links are provided to information in many of these areas.*
