Sorry, I don't think I can be of help on this one.

Not sure which document. I was under the understanding that there is some preliminary cost estimates that were developed as part of a infrastructure cost plan that was given to staff in March. I was looking to get an idea of what they are looking at for the development of open space. It might not have been in the documents you reviewed.

ZM.

Which documents, the infrastructure plan? I wasn't looking for that kind of information but I don't recall it.

Hey Julie,

Quick question, were cost estimates for the improvement of open spaces included in the documents you reviewed?

Thanks,
Zak
