Hey James,

Thanks for the heads up. We appreciate you taking the lead on the page turn. I think we are comfortable with the comments we provided. Our understanding is that they would be reviewed by planning and any issues would be brought up to us. If there is anything that we would like to omit from the City's perspective, we would likely defer to Planning on the matter unless it is something we feel strongly about or directly relates to parks.

If there is anything that comes to your attention, let us know and we can provide feedback.

Thanks,
Zak

Hi Yves and Zak,

We are planning to share the GDP from 3:30 – 5:00 pm this Thursday with Google. PW and ESD are also planning to present the infrastructure plan. It looks like we will be sharing the sustainability section since there wasn't much comments. We can do a page turn for your comments, I plan to share all your comments but if you think some should be omitted please let me know.

Thank you,

James Han
