Not on this one. I have it sorted to upload. I will likely just BCC all future emails I send. But if there is any response from Jon, he will need to BCC separately or upload the email at some point.

Thought you might like a look at some preliminary data from the survey about the Diridon area. Two files in the link below – one is SAAG members; the second is general public. Interesting to see that they have differing opinions about the idea of community space and preferred programming (get to the questions in the teens for those responses). With the public, arts programming seems to be more popular than traditional community center space. SAAG seems to prefer more community based type of services.

Anyway, the survey was extended to 5/24 so there may be additional feedback.

-Nicolle

Hey Everyone,

Here is a link to the preliminary results from the community preference survey:
