Hi Zak, (Kari here)

Going through Jon's emails and found this. I can't figure out, based on the AB900 regs if this is something we should send to downtownwest. If it is, can you please forward it to them? This doesn't seem like normal public information, but it is a question from the public. Help?

I don't think we need to respond at all. Nicolle talked with her and let her know that her assumptions about what the Mayor was saying were wrong.

I don't think we should respond immediately anyway - no need to rush. We need to be clear internally. (And think about what we think through with applicants.)
