Subject: DSAP Boundaries

[External Email]

Hi Tim-

The Guadalupe River Park Conservancy, our board, and staff will be submitting responses to the DSAP survey currently being circulated and due on May 10th. We have one comment that we want to bring up that will be in our responses, but we don't want it to be overlooked. We ask that Arena Green, Confluence Point, and the River Park in proximity to DSAP, be included within the DSAP boundaries. In fact, when we look at the proposed new boundaries that move farther to the east north of W. St. John Street and south of Santa Clara Street, these areas are glaringly left out of the DSAP.

We believe that including the largest nearby parks and most utilized regional trail in the DSAP will enhance future planning, connectivity, activation, and community benefit for these very important resources. Please consider this comment as you move forward on the amendments to the DSAP. We are currently preparing a more comprehensive letter to this effect and will be getting it to you ASAP for your consideration.

If you have any questions or concerns, please contact me or our Executive Director, Jason Su. Thank you.

Jodi Starbird
Board President, Guadalupe River Park Conservancy
