Hi Lori,

We posted a link at the project website and on the City's Active EIRs website at <http://www.sanjoseca.gov/index.aspx?nid=6468>. Both are linked in the e-mail I sent you.

Here is the blurb to describe the scoping meeting purpose:

To present information on the EIR preparation process and to hear comments and feedback about the scope of the EIR.

If you want to add some clarifying information about the scoping meeting, feel free to add a sentence or two. However, the e-mail copied is the notice of preparation notification we already sent out to via the newsflash to the Planning Distribution list and our Planning e-mail distribution list.

Thank you,

It sounds like this is mainly intended for public agencies. I was thinking that I would send something similar to the public email list as the one that will go to SAAG. Rosalynn signed off on it with the addition of the HLC meeting on Nov 6 per language from Cheryl later today. Do you have any

suggestions to add clarity about the Scoping meeting purpose?

Does this notice go on the project website? Perhaps we could include a direct link in the email.
