Hi David –

We are working on the Google WSA as requested in Mid-October. The WSA request came about a week before our quarterly Board of Directors meeting in October so we couldn't finish the report before that meeting. Our next Board of Directors meeting is the End of January. Is it okay to be a week or two late so that we don't need to call for a special meeting?

Thanks,  
Bill

Bill,

I hope you had a great Thanksgiving. I wanted to circle back on our initial discussions back in August. My understanding from David Keyon is that the WSA for the subject project was

requested by the City CEQA team in about mid-October. Would you be available in the coming weeks for a follow up meeting regarding the WSA?

Let me know if I can send any background information as I am not sure what the City provided to SJ Water. Once you have confirmed your availability, Michael Jacinto from Lend Lease, CCed, will coordinate with David Keyon and his team including Shannon Hill so they can also attend the proposed meeting.

I have CCed the Lend Lease team here for visibility. Robert Yin, CCed, you would have met during our kick-off meeting. Amanda and Paul are leading other aspects of the project. Feel free to give me a call if you have any questions at 415.660.9719.

Best,  
Amelia
