Hi David,

I added the Downtown West proposal to the map. Please see attached.

Thanks!

Jose

Thank you, Jose! This is very helpful to put all the growth capacity issues in context, especially with regards to the "cat's ears". We will forward this to Circlepoint.

At a future time, it would also be good to see the Downtown West project site included.

Thank you,

David Keyon

Good morning Robert,

I'm happy to work on a map to help simplify and clarify the areas referenced in the narrative.

Thanks,

Jose

David:

I did a quick scan/review and this looks good and informative. Great job with the narrative, which makes it easy to follow. Jose, I'm wondering whether you can provide a base map showing the DSAP area within the Downtown Strategy Area, Opportunity sites, Cat's ears etc., to help simplify and clarify the respective geographic boundaries and areas that are

referenced (A Picture is worth a thousand words), for the consultants and stakeholders. A base map is always helpful for clarification and simplicity.

Great job all.

Robert

Hi Shannon, Jared, Robert, and Jose,

I added a narrative to explain the assumptions in the table of the DSAP capacity shifts. Could you review quickly and let me know of any errors or feedback on the narrative? I am going to send this to Circlepoint and ESA tomorrow.

Thank you,

David Keyon
