FYI, the NOP was already sent to MTC, but the address is listed under “Bay Area Metro,” and the suite number is 700. The email was sent to ebugarin@bayareametro.gov.

Shannon,

Karl and I were thinking it would be good to also send a NOP to MTC as well, since we did not see them in the distribution.

Hi Shannon,

I was able to find the email Val Menotti (BART) vmenotti@bart.gov, but not for Kelly Doyle or any contact at Amtrak/ Capitol Corridor Joint Powers Authority.

I did a review of the distribution list and San José Clean Energy was not included. Below is their address. I will let you know if we suggest any other groups for the NOP distribution.

Hi All,

Just confirming that I prepped the additional NOP mailings to be send out this morning by certified mail.

Do you have email addresses for Val Menotti (BART), Kelly Doyle (High-Speed Rail Authority), and anyone at Amtrak?

Thanks!

Yes, we have been aware of that figure (as well as Figure 3) but had thought that it was corrected. Evidently, that was not the case, and I apologize sincerely for that. Please try the attached version of the NOP. I just printed this on a printer here that had difficulty with the prior version and it came out fine.

We will also send you 10 additional printed copies by overnight FedEx for delivery tomorrow morning.

Again, I am very sorry about this!

Importance: High

Hi Pete and Hillary,

I am not able to print the NOP. The figure on page 10 of the PDF is problematic (Figure 2). David had issues printing it as well, and I received an email from one of the mailing list contacts stating they couldn't print it either. I also experience issues when trying to scroll through the NOP on-screen. It gets stuck on that page.

I created the attached mailing labels, but would it be possible for ESA to print the attached NOP cover letter and NOP for the attached list of seven additional contacts and deliver it to City Hall? Then I can use envelopes with our return address printed on them.

I was informed that you have an office in San Jose, so any help you can provide would be appreciated, since I am unable to print the NOP. If there is a way to fix the issues with that figure, so I can print it, that works too.

Thanks!

Hi Shannon,

Certainly, we can find contact information and send hard copies and emails to these agencies.
(Pete: please let me know if you need help – it would be good to get this done today.)

Also, if you send Pete a copy of the distribution list, we can check for any other agency/entity that might be missing.

Hillary

Hi Hillary and Pete,

Hillary, great, and thanks for confirming. Thai is on board with introducing Heidi Rous and making it clear ESA is introducing the project description.

Regarding the NOP mailing, I checked the mailing labels, and the NOP was only mailed to VTA, Caltrans, and the County transportation authorities. It was not mailed to BART, AC, AMTRAK, or ACE! These are the agencies Thai asked me about. I checked the email blast as well, and those transit agencies were not included.

Are you familiar with the contacts at those agencies?

Thanks!

Hi Shannon,

Thanks. Yes, we are bringing hard copies of the NOP to the meeting!

I'm glad the meeting format will be a traditional scoping meeting. Heidi Rous, from ESA, will give our presentation after yours and we're hoping it can be introduced and referred to as a presentation about the project description rather than "the applicant's presentation." We want to be clear that ESA is conducting an objective review of the applicant's proposal on the City's behalf.

Also, Pete Choi is going to follow-up with you today about the NOP mailing – we want to make sure it included the transportation agencies and that we get notices out to any that we missed. I think this is a subject that the Google folks brought up with Thai in your absence.

See you Thursday!

Hillary

Hi Hillary,

Based on your meeting with Thai, etc. last week, I just want to confirm that we are going with the original meeting structure (i.e., collecting speaker cards and allowing attendees to voice comments to the group with a microphone). We will also have City staff writing comments on boards for the key resource areas as well.

Also, we want to confirm that ESA is still planning on printing out hard copies of the NOP for the meeting.

Thanks!
