I'm sorry - but I'm unable to attend a 1:00 meeting. I have a standing meeting conflict.  
I'm happy to receive information that I can pass along to the SCVWD in hopes of encouraging a meeting.

Hi Yves,

I'm happy to provide more information, if you need. Let's discuss tomorrow at 1pm, during or weekly Open Space sync with PRNS. I have sent a meeting invite to you.

Thanks,  
Bethany

Good afternoon Bethany,  
I'm sorry to report that I've been unable to secure a meeting with the SCVWD staff.

At this point, I'm only aware that you wish to discuss a possible alignment along their property. As I introduce the topic, its understandably sounds like a "Cold Call".

Please provide more content, a plan and a rationale that this is a win-win for the SCVWD. That may assist in securing time for the meeting. The initial request was for 30 minutes - so please suggest more if this is a substantive matter.

Zak,  
To ensure we meet AB900, please file this correspondence.

Thank you both  
Yves

**Subject:** Re: Recent Example: Trail design and estimate

Hey Bethany,

Due to the different challenges regarding site constraints, environmental factors, design features it is difficult to provide estimates that would be useful. What we might be able to do is have our team look at the TCC site estimates and update them based on today's estimated costs? Does this give you what you need for the comparison you are looking for?

Thanks,  
Zak

[External Email]

Hi Yves and Zak,

Do you have an example of a recent trial design and cost estimate accepted by the City? I have the prior TCC plans/estimates, but was hoping you had a more recent example to share.

Thanks,  
Bethany
