Hi Robert,

You asked for a quick status update to communicate to the SAAG if questions arise at tomorrow's meeting. Here are the brief status updates:

Downtown West: EIR being prepared, target date for public circulation moved to late August.

DSAP Amendment: Environmental Consultant preparing technical reports, the outcome of which will determine the appropriate environmental document (i.e. Addendum or EIR).

The upcoming meetings, study sessions, and public comment opportunities are already mentioned in the powerpoint.

Any other information you need? I am planning on attending via Zoom.

Thank you,
