Hi Martin,

I think your idea will work. I'll make that change and work on getting the waiver to you ASAP.

[External Email]

Hi Kevin,

The process by which this application was submitted does not create an application number for records purposes. As an alternative, can I suggest that you reference the application by the project's proposed point of interconnection and the date it was submitted to PG&E?

Thanks,

Martin Smith | Transmission Contract Manager, Sr.

Hi Martin,

Please let me know if/when you will be able to provide us with an Interconnection Application number.

Thanks.

Subject: City's Interconnection Application No.

Hello Martin,

I'm working with Nicole to provide a Confidentiality of Information Waiver from the City to allow multi-party discussions related to the two Downtown West project interconnection applications. The City believes that the waiver should include the City's interconnection application number so that the waiver is specific to our application. However, I am not able to identify an application number for our application. It's likely due to the fact that it is a wholesale transmission application that was not submitted on-line. Would you be able to identify or establish an application number and provide it to me?

Thank you,

Kevin O'Connor
