Hi Andy,

No problem, it looks like we are all available from 3:30 – 5:00 PM on Monday (9/28). Does that work for your team? I'll hold the time for now.

Thanks,

Hi Andy,

I am available next week on Monday and Tuesday from 3-5pm, or Tuesday from 9-10 and 11-12, whichever works.

Hi Shannon,

Apologies for the delay, wanted to circle up internally to see what works. I definitely appreciate you and David making yourselves available to chat, though I do think the crux of the conversation we want to have with Dana relates most to the DWDSG as we've dealt with the CEQA-side comments already. So I'm happy to chat with the two of you but I think I can probably spare you. I do think we should try to find at least an hour or so with you, David, Dana, and Tim as well though to have a cohesive conversation (maybe Robert can be optional since I gather his calendar can be a constraint). Would early next week be better overall? Open to your scheduling feedback.

Thanks,

Andy

Hi Andy,

Wednesday afternoons are tough for both Robert and Tim. The only time Robert could attend would be from 1:00 – 1:30 PM, and Tim may not be able to join at all.

I held time on Tim and Robert's calendars from 8:30 – 9:00 AM and 11:30 AM – 12:00 PM on Friday until we can confirm a meeting time.

Would you like to meet with David and I tomorrow to discuss your questions and then have a follow-up meeting with Tim, Robert, and Dana on Friday if necessary?

Thanks!

Hi Andy,

Based on David's email below, I have held time for 1-4 PM on David and Dana's calendars. I'm assuming Dana needs to be on the call as well, since David and I may not have all the answers for historic-specific questions. However, it's a challenge to find available time on Tim and Robert's calendars, so I'll have to check if they would be able to attend during this timeslot.

Thanks,

Hi David and Shannon,

I'm following up on something we discussed last Thursday -- convening your team to discuss a number of comments on the DWDSG from Dana. I think some of the topics cross over into Tim Rood's side, so we'd suggest a meeting with the two of you, Robert, and Tim. We would have Sitelab on our end. Would you let us what times might work, and we'll try to get folks together?

Much appreciated,
Andy
