Hi Dana and Juliet,

During a meeting this morning, the applicant brought to our attention that they are planning changes to the property at 150 South Montgomery Street (Hellwig Ironworks) that would result in SU impacts to this identified resource. We do not have details yet, but I have made a note in the Cultural Resources chapter of the EIR that changes are expected to the analysis in ADEIR4.

Apparently this was daylighted at the director's meeting yesterday, so I wanted to keep you in the loop in case this update has not made it to you yet.

Thanks!
