[External Email]

Yes, we're all still tracking for 10/7. Thanks!

ESA is not aware of any change to the 10/7 publication date. 😊

Hillary

Subject: Confirming 10/7 DEIR Circulation Date

Importance: High

Hello,

Please provide confirmation there are no plans to change the DEIR circulation date from the most recent date of 10/7. We are required to provide our notice to support staff by tomorrow, in order for it to be included with the community meeting notice to be sent to addresses within a 1,000-foot radius of the project. If the date changes, we will need to send out another notice, which is a substantial effort for a project of this size.

This is separate from the hard copy mailing of the NOA we will be preparing next week to send to the general and project specific mailing lists.

Thanks!

Shannon Hill, Planner
