Hi Yves,

I'm reaching out to coordinate with you for the VW conversation this afternoon.

In terms of agenda, we look to the City to lead this discussion as part of the City request for the dedicated trail alignment on the West side of LGC. The team will attend to support the City dedicated trail alignment and will present a graphic of the Los Gatos Creek park, as shown in the draft DWDSG. We plan to attend to listen to understand more about VW easement process and to daylight what will be shown in forthcoming public documents.

Thank you,
Bethany

Hi Yves,

This week isn't going to work for this meeting with Valley Water. I'm wanting the right folks in the room from Google / LL. To help narrow down the attendee list from my end, who will be in attendance from Valley Water and also the City?

Thanks,
Bethany

Bethany,
Our colleagues at the Santa Clara Valley Water District are available next week at the following times to discuss the project. Please confirm availability and we will send a meeting invitation.

- Wednesday from 2 to 2:30 pm
- Thursday from 4 to 5 pm

Thank you
Yves

Good afternoon Bethany,
I'm sorry to report that I've been unable to secure a meeting with the SCVWD staff.

At this point, I'm only aware that you wish to discuss a possible alignment along their property. As I introduce the topic, its understandably sounds like a "Cold Call".

Please provide more content, a plan and a rationale that this is a win-win for the SCVWD. That may assist in securing time for the meeting. The initial request was for 30 minutes - so please suggest more if this is a substantive matter.

Zak,
To ensure we meet AB900, please file this correspondence.

Thank you both
Yves

Subject: Re: Recent Example: Trail design and estimate

Hey Bethany,

Due to the different challenges regarding site constraints, environmental factors, design features it is difficult to provide estimates that would be useful. What we might be able to do is have our team look at the TCC site estimates and update them based on today's estimated costs? Does this give you what you need for the comparison you are looking for?

Thanks,
Zak

[External Email]

Hi Yves and Zak,

Do you have an example of a recent trail design and cost estimate accepted by the City? I have the prior TCC plans/estimates, but was hoping you had a more recent example to share.

Thanks,
Bethany
