Subject: RE: Google Project webpage needs meeting info

All docs except the videos will physically post on the City website but links will appear on both websites. It won't be simultaneous because there are different actors involved in posting to the respective sites, but we have a chart to orchestrate who does what and when.

James – what time is the submittal and can we get it done as early in the day as possible so that Dylan can post the documents and links can be shared on both sites. The news release hinges on this.

Subject: RE: Google Project webpage needs meeting info

Can we just provide links to both websites simultaneously?

David, I see the simplicity of driving people just to www.sanjoseca/GoogleProject but because the project is in hand with DSAP, I think Lori and Kim will feel strongly about including www.diridonsj.org in the news release. There is a lot of info and visuals at diridonsj that give insight into the project.

I'll work with Lori to ensure links appear in way that avoids a rabbit hole.

Subject: Re: Google Project webpage needs meeting info

David,

Most of the items will be hosted and at the very least link on the project website. I think the only really think living on Diridon SJ page besides some reference material is the video, and that is jus because they have the staff and have done it before posting the videos on their page.

Best,

Tong (John) Tu

Subject: Re: Google Project webpage needs meeting info

Hi Cheryl and James,

Should we just send everyone to the main Google project website at www.sanjoseca.gov/googleproject ? I think this will be easier to include all necessary information, including links to the EIR and AB 900 Administrative Record, rather than the diridonsj.org website.

Going to diridonsj.org will be somewhat of a rabbit hole for people looking for Google specific information.

Thanks,

David Keyon

Subject: Google Project webpage needs meeting info

James or John – Re the Wednesday announcement and people/reporters coming to our website, I think it would be very helpful for people to see the chain of all intended public meetings, whether or not yet scheduled.

Can you please insert any known public meetings between now and going to Council in Spring 2021 into the email text below? If the meeting doesn't yet have a date/time, just write "tbd." I know there's a meeting on Oct. 19; please provide the content for that using the format shown below.

David Keyon advises that any meetings specific to the EIR also show up here, so please include those, e.g., the November HLC meeting.

Dylan or I will handle posting the updated content you provide.

PLEASE UPDATE WITH MEETING CONTENT:

MEETINGS & PUBLIC ENGAGEMENT

Due to the coronavirus emergency, public engagement has shifted from in-person meetings to online engagement. Public meetings to date are listed below and any new virtual meetings will appear in this section.

Please also visit diridonsj.org for public engagement on Diridon Station Area projects, including the Google Project. The City has recently completed an extensive public survey on concepts under

consideration. The survey input will help inform the City's work on both the Google project and policy changes that would apply to the entire Diridon Station Area. Survey results will be posted at diridonsj.org.

Historic Landmarks Commission/Early Referral Meeting

Wednesday, January 15, 2020 - 6:30 p.m.
San Jose City Hall, Wing Rooms 119 - 120
200 E. Santa Clara St. San Jose

Meeting focus: Provide the Historic Landmarks Commission with an early opportunity to comment on landmarks and historic resources within and around the project site. [Meeting agenda and minutes](#).

Development Application Community Meeting

Thursday, December 5, 2019 - 5:30 p.m. to 7:30 p.m.
Dr. Martin Luther King Jr. Library, Room 225
150 E. San Fernando St., San Jose

Meeting focus: This meeting allowed Google, the project applicant, to present the project and answer questions. City staff also presented the City's review and decision-making process. Following the presentations, meeting attendees gathered in small groups to provide feedback. This input is being summarized and will be posted below when done.

Environmental Impact Report (EIR) Scoping Meeting

Thursday, November 7, 2019 7:00 p.m. to 9:00 p.m.
San Jose City Hall, Wing Rooms 118 - 120
200 E. Santa Clara St. San Jose

Meeting focus: This meeting seeks to capture public input on the Google Project environmental analysis. View our [handout](#) on understanding the EIR and what it evaluates. All documents related to the EIR are listed on the [Downtown West Mixed Use Development](#) webpage under the Planning Division's Active EIRs webpage.
