Subject: HP Permits and review for candidate city landmarks

Hi Juliet,

Would you be available one of these upcoming Thursday's at 9am to discuss the process for review of projects near historic resources near the Downtown West site? The applicant and ESA wants to clarify the procedures for the EIR. Alternatively, we can discuss this at our DWDSG meeting today at 2:10.

Also, where is the code section that requires HLC review for projects within a certain radius of a City Landmark? I looked under the Historic Preservation section of the ordinance and couldn't find it. I remember Miro (nee SJSC Towers) across from City Hall had to go to HLC because it was within 100 feet of a Historic Landmark, the building where 4th Street Pizza is located.

Thanks!
