Hi Councilmember Jimenez:

Hope you are having a nice weekend.

I'd like to share with you that next Wednesday, October 7th, the City plans to release our Downtown West Draft Environmental Impact Report (DEIR) and Downtown West Design Standards & Guidelines (DWDSG) for public comment. These and other related documents will be posted to the City's ['projects of high interest'](#) website.

In support of next week's document release, it is our understanding that city staff is developing a video to explain to the public this moment in the overall entitlements schedule. In addition, we are preparing a Downtown West Designs Standards & Guidelines overview video for the public. We will follow up with an email next week with the information and links.

Lastly, we welcome the opportunity to meet with you this week or week after to provide you with a briefing on the Downtown West DEIR and DSG. Please let us know what works best for you and we'll get something scheduled.

Happy to connect with you anytime.

Best regards,

Javier González on behalf of the Google Downtown West Project Team

Javier González | Manager

Government Relations + Public Policy / State + Local Affairs Team
