Juliette,

Please let us know a time to meet and a location to meet you. If more convenient I can pick you up at your office as I will be driving down.

Hello Juliet, thanks for your feedback.

Sounds like late morning or early afternoon would work on Wednesday. Charles is copied on this note, and I'm also adding in Becky Urbano from the ESA team.

I will leave to you all to coordinate a meeting place and time on-site?

Thanks,  
Andy

Hello

Next week Wednesday or Friday, I am available anytime of the day for a site visit.

Thanks Juliet

Good morning Juliet,

I wanted to see whether you had any time on the early side of next week for a consultant-coordinated field visit of the Downtown West project site. I'm copying Charles Chase here from ARG, who can coordinate with you on best times.

Much appreciated!  
Andy

Good morning Juliet,

We heard from Shannon Hill that you were interested in a field visit of the Downtown West project site, and that you're out of town next week. Are there times that might work for you the week of January 27? We can likewise check with the historic resource consultants on their availability to confirm a final time.

Thank you!  
Andy
