I'm not sure who Lori Arellano is? Is she in OED?
Thanks JULIET

I recommend giving Lori Arellano (CH Security) a heads up with the meeting logistics. If possible, they may want to have a security officer posted at the meeting, but at a minimum they should be aware that Google is on the agenda.

Also put Lori's number in your cell so if something comes up when there is no security around, you can reach her quickly.

City should have a plan in place just in case (like we do for SAAG and other meetings).
Lori can help with contacting PW, etc.

I haven't been part of any discussions about security for HLC on Wednesday. We can follow up with Google on Monday if you think it's warranted.
