[External Email]

Hello James,

I just learned of the public's opportunity to provide feedback on the Google Village Project, however, I am curious to know if there is any dedicated space for Child Care?

The notes I've seen on the city webpage explain that 500,000 gsf will be for "Active uses (retail, restaurant, arts, cultural, live entertainment, institutional, childcare and education, maker spaces, non-profit, small-format office)"

My questions are how much square footage will be dedicated to child care, who will design the space, who will pay to construct the space, who will operate it, and what children will be allowed to enroll in that space?

I hope to hear from you soon!

Pamela Campos
