[External Email]

As part of our public safety response to COVID-19, Santa Clara Valley Water District (Valley Water) is asking msot staff to telework. Valley Water's priority is to maintain the health and safety of our workforce and community.

Immediately in effect for the Community Review Projects Unit (CPRU) we are requesting that you schedule all in person deliveries of permit applications, signed permits, invoice payments, and inquires, by contacting the CPRU hotline at (408) 630-2650. We encourage electronic submittals of [permit applications](#) and plans to [CPRU@Valleywater.org](mailto:CPRU@Valleywater.org).

The Community Projects Review staff will continue with operations, and you can directly email me or contact me at (408) 630-2322. Please allow extra time for processing your requests. Thank you for your patience and for remembering that we are all in this together.
