Dear Robert Wahler,

Thank you for your inquiry about the Draft Environmental Impact Report (EIR) for the Downtown West Mixed-Use Plan (Google Project). Any cleanup associated with homeless encampments would likely occur as the project is developed, assuming it is approved by the City, and is not a topic covered in the Draft EIR.

You will be added to the public notification list for future notices for the project, and your comments will be included as part of the public record forwarded to the Planning Commission and City Council. The website for the project is located at the following link:
www.sanjoseca.gov/googleproject.

The tentative schedule for the project is to go to Planning Commission and City Council in late Spring/early Summer 2021.

Disclaimer - All comments and questions submitted through email or mail will be posted at downtownwestadminrecord.com. The City cannot guarantee that any personal identifying information will be removed from public records.

Best regards,

Shannon Hill, Planner

[External Email]

Shannon,
Hi. I bike Guadalupe Trail almost daily. Is there a plan for the homeless in The Downtown West Project? I have time to help, if there is anything the public is allowed to do to help speed the cleanup, or whatever else. I worked for years at the City Wastewater facility on Zanker. This is a very exciting plan!

Robert Wahler
