Hello Shannon,

I would like to get a hard copy of the draft EIR for the Google Plan area, particularly the Appendix E1 Historical Resources Technical Report. You can have it delivered to the address below.

Please let me know if you have questions.

Thank you,

Kay Gutknecht

Ms. Gutknecht: Good evening. I work for Environmental Science Associates, the City's consultant for the Downtown West project environmental impact report. Shannon Hill forwarded to us your request for a printed copy, and I am wanting to clarify what specifically you would like to receive. In general, even with printed copies of the EIR, we are not printing the appendices because they amount to several thousand pages (although a large portion of that consists of air quality calculations). However, we would be happy to print a copy of the Historical Resources Technical Report (Appendix E1), which is about 550 pages, as that appears to be your primary interest. We can also print the other historical resources appendices, which are considerably shorter. My question is whether you would also like the entirety of the Draft EIR (1,350 pages) in hard copy, as well. If historical resources is your area of interest, we could print the DEIR's Section 3.03 (Cultural Resources) apart from the remainder of the document. On the other hand, if you would prefer the entire DEIR, we can get you that.

Please let us know.

Thank you.
