Absolutely!

Yes, let's start that discussion tomorrow afternoon. We can always have a follow up if needed.

That visual is better than the lists that we have in the draft LTA, we thought it was easier to digest in this format. . .

Best,
Jess

[External Email]

Jess,

Also, I wanted to note that a few of us are still catching up on the Study Session from last Monday and we saw this attached slide. This was our first time seeing these all together and we wanted to have a conversation sooner rather than later about how these were identified and how they play out for transit. We could add this to our DEIR discussion or have a separate meeting.

Thanks,
Melissa

Subject: Downtown West DEIR meeting with VTA

Hi Jess,

We've been wanting to get a focused DEIR meeting on Downtown West through Florin. We've been asking for a few weeks and we don't want the meeting to fall too close to the DEIR comment deadline of 12/8, which is just around the corner. It would be ideal to have the meeting this or next

week, otherwise it's too late. We need to coordinate our comments internally and through DISC.

We are trying to prevent "overcommenting" if we can just get some of our questions answered or things clarified, and of course, provide you all with a heads up about what we would likely comment on so that there are no surprises.

Thanks,
Melissa
