Hi Lori,
Thanks for sharing. We will take a look at this and pick it up next week in our Tuesday meeting as you suggest. In the meantime we'll start working on our written responses.

Have a great weekend!

Thank you, Jess

Hi all,

Here is the list of questions received from the public at the 10/19 Community Meeting, based on the summary doc that James created. Let's fill in the responses at our meeting on Tuesday. The

intended outcome will be a document that we can post on the website within the next week or so, to provide clear, concise answers to these questions. We should update it with other questions from the other fall engagement events, but I want to get something up ASAP.

You will see that I'm suggesting to distinguish who the response is from. It seems like Google is the most suitable for answering most of the questions. John – please take the lead on highlighting those that you think need a City response in addition to or instead of Google. We have draft responses that we can plug in but may need to work with the other PMs next week on this.

Let me know if it seems like it's missing any question or comment, since I shuffled things around a bit.

Thanks!

Lori
