Hi Erik,

Nice to see you the other day.

I posted to the District 10 Next Door community, and the other Council Offices have posted to their districts too. Hopefully you will have a good turnout.

Best,  
Denelle

Good afternoon.

Just a reminder that this Saturday, August 24th from 10:30am to 1:30pm the Google team will be holding an open housing-style event at Arena Green to preview Google's Diridon Mixed-Use Framework.

Please see the attached flyer for details.

Please share this information with any individuals or organizations who might want to attend.

Thanks for your help.  
ERIK
