Hi Areana,

Thanks for the tips! Attached are the stationary sources listed as Type "Contact BAAQMD". Please let me know if you need anything else from me.

Thanks Again,  
Sarah

**Subject:** RE: Stationary Sources, San Jose - Emissions Data

Hi Sarah,

We have updated risk values for year 2018.

<https://baaqmd.maps.arcgis.com/apps/webappviewer/index.html?id=2387ae674013413f987b1071715daa65>

Could you retrieve all facilities within 1000ft of your boundary using the process below and send me the report of those that note "contact BAAQMD"?

Process for retrieving report:

1. Click on the "screening" widget (top left)
2. Click on "draw"
3. Select draw mode (the polygon feature has worked best for me)
4. Click "report"
5. You can download or print selection

This map is work in progress but at a minimum will facilitate the process.

Thank you,

**AREANA FLORES**

**Subject:** Stationary Sources, San Jose - Emissions Data

Hi Areana,

I have a San Jose project where I need to calculate the background risk. Could you please provide the most recent emissions data for the sources listed in the attached stationary source inquiry form? I have a copy of the Health Risk Calculator (Beta 4.0) but if there is a more recent version could I receive that as well. Thank you in advanced for the help and let me know if I can clarify my request further.

Thank You,  
Sarah
