Subject: Scheduling a Diridon walkthrough and meetings

The folks cc'd here would be part of the group walking with you through the Diridon Station area, lunching and having a meeting at City Hall. The days you mentioned as possible were:

July 9
July 11
July 16
July 18

The timing would be about 11 am – 2 pm.

We can either meet at the station, do the tour, go to lunch and then convene back at City Hall, or start at City Hall. Either would be fine, unless you have a strong preference.

I am asking everyone to let me know any of these days that would work for you, and I'll figure out which is the most popular and send a formal invite.

Thanks!

Elisabeth
