Hi Shannon,

Thanks.

Our schedule shows the City providing ESA with one consolidated set of comments on December 9, the same day we have scheduled an all-day session to go over the comments and discuss any issues raised by the applicant's team.

I know that there was a discussion last week about where and how to structure the "war room" about ADEIR 1 comments, and we can refine that as the date gets closer.

Hi Hillary,

No problem, and thanks for the reminder. David let me know the sections that rely on the transportation analysis and design (i.e., aesthetics) would not be submitted with the first draft.

Also, in case I didn't already mention this, I'm out of the office 10/31-11/1 and was planning on circulating the document internally on Monday (11/4) anyway, so no problem at all .

One question, do you have an EIR review schedule you can share for our reference?

Thanks!

Hi Shannon,

The ESA CEQA team talked this morning and we think that realistically, we will be sending ADEIR I to you electronically over the weekend or on Monday by mid-day, and will ship hard copies out to you on Monday. Hopefully early Monday will work out to be just the same as late on Friday. 😊

As a reminder, ADEIR I will contain a preliminary draft of the following sections:

- Summary Table (partial with topics below)
- 1.0 Introduction
- 2.0 Project Description
- Chapter 3.0 Environmental Setting, Impacts, and Mitigation
- 3.2 Biological Resources
- 3.3 Cultural Resources (only archaeology)
- 3.5 Geology, Soils, Mineral Resources and Paleontological Resources
- 3.7 Hazards, Hazardous Materials, and Wildfire
- 3.8 Hydrology and Water Quality
- 3.9 Land Use and Planning
- 3.11 Population and Housing
- 3.12 Public Services and Recreation
- 3.14 Utilities and Service Systems (without water supply)

Please let us know if you have questions,

Hillary
