Subject: Downtown West (PDC19-039): Cumulative Project Additions?
Importance: High

Hi Pat and John,

Please refer to the attached list of key City projects. I will be using this list, and input from both of you, to provide an updated cumulative project list for ESA's analysis, *hopefully later today*. ESA will be including an updated cumulative project list and figure in the 1st ADEIR scheduled to be submitted this Friday (11/1), so I need to provide the list ASAP.

Could you confirm if there are any new projects that have come in between summer and October 23rd that are not included in the list? I will also be checking our Environmental Team Project Tracking spreadsheet for unassigned projects.

If you have any additional projects to add, please provide the following information for each project:

- Project Name - Address (File No. ____)
- Status (e.g., Planning Approved, Planning Review)
- Dwelling Units
- Office (gsf)
- Retail (gsf)

Thanks in advance for your help!

Shannon Hill, Planner
