Subject: FW: Downtown West Mixed-Use Plan: Master Schedule

Hi Juliet,

Please refer to Karl's email below for information, and let me know if the ARG findings will be presented to the HLC on January 15th, and I'll confirm with Karl.

Thanks!
Shannon

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Shannon: Is your inquiry (from Juliet Arroyo) in reference to the historical resources analysis that ARG is doing? Our historic resources expert on this project, Becky Urbano, spoke with ARG staff last week and was told that they will be submitting their report on the area's historic context and their findings with respect to specific structures in mid- to late-December. We were also told that the findings will be presented to the Historic Landmark Commission in January; since the commission meets on the third Wednesday of each month, that meeting would presumably be on January 15, which is a week before ADEIR-2 is due to you.

I had understood that ARG was coordinating with Juliet on all of this, but perhaps I am missing something. At any rate, if you can confirm with Juliet that the ARG findings will be presented to the HLC on January 15, we can add that to our master schedule.

Thank you.

Sorry, I meant to mention that most of these questions are from the HPO, if you have an idea of when the cultural resources reports will be submitted.

Subject: Downtown West Mixed-Use Plan: Master Schedule

Hi Hillary,

I know I already asked about a master schedule, and you informed me the plan is to have all comments on the 1st ADEIR compiled and submitted to ESA by 12/9. However, I am getting questions in response to circulating the document for internal review, so I have a couple follow-up questions:

1. Do you have an idea of when the missing reports will be submitted?
2. Will there be a master schedule compile, and if so, when do you anticipate sharing it with the City?

Thanks!
