Rick

Thanks. Probably no need to send anywhere if you are ok with it

I don't see any issues from my perspective, but can I forward to my DM's if we limit distribution?

Subject: Google Baseline Requirements/Need Response from your staff by Wednesday end of day

We have an important meeting with Google this Friday at 1:00 where we want to present a clear summary of the City's Baseline Requirements for their Mixed Use Project.

A few weeks ago, Bill Ekern provided the notes from the interviews HRA (our negotiations consultant) did with your staff about likely department requirements, and a high-level summary of the notes. He's been asking for review and sign-off.

It is critical that we have sign-off from your Department by Wednesday end of day as to the accuracy of these notes and the summary.

Please make sure your staff understand the importance of responding to this outstanding request (came from Bill Ekern).

We are going to share this information with Dave on Thursday.

Thank you.

John: No comments received yet (likely coming from Jessica)

Matt/Matt: No comments received yet (likely coming from Ryan)

Jacky: Need comments on the displacement part
