Vanessa & Lori,

Will this work? Are these too long?

April 25 workshop:

The best ideas for how our community develops often come from you, the community! Facilitated by Catalyze SV, San Jose Arts Advocates, genARTS Silicon Valley, & other artist groups, this workshop will invite you to share your views on how to make the Diridon area the best it can be. It will include a brief presentation, a walk around the Diridon Station area in small groups led by facilitators asking for your ideas, a report back from small groups to all participants, a chance to share food at the close, and afterward, a report back to the City and you of what you shared.

May 9 workshop:

The best ideas for how our community develops often come from you, the community! Facilitated by Catalyze SV and the Vietnamese American Roundtable, this workshop primarily in Vietnamese with English translation invites you to share your views on how to make the Diridon area the best it can be. It will include a brief presentation, a walk around the Diridon Station area in small groups led by facilitators asking for your ideas, a report back from small groups to all participants, a chance to share food at the close, and afterward, a report back to the City and you of what you shared.
