Cool beans, thanks.

Separate from our community engagement with the City working as neutral conveners on the Diridon area, wanted to give you four a heads up that Catalyze SV's Project Advocacy Committee recently completed its evaluation of Google's plan for Downtown West. We will be sending the evaluation to you all, some additional colleagues, & Google very soon, probably later today.

Thanks - Alex

Zak,

May I have a few more days to communicate & coordinate with our partner organizations to decide on a tentative list of possible community engagement opportunities?

In the meantime, to keep the ball rolling, I thought I'd send you the agreement signed by Catalyze SV / Social Good Fund in case you'd like it sooner.

Thanks very much - Alex

Zak,

Thank you for sending this document. I have reviewed the latest version of the agreement and found it to be one we can faithfully & fully execute.

To ensure it's accuracy, I subbed in "Social Good Fund" as the grantee and I sent it along to our fiscal sponsor Social Good Fund for their signature. As soon as I receive it back from them, I'll send it back to y'all.

Per your request, I've again attached our fiscal sponsor Social Good Fund's proof of nonprofit status (I believe I originally sent it on 1/24/20). I've also re-attached the latest audit of Social Good Fund - does that cover the "proof of good standing" with the IRS?

I will reach out to our anticipated partners so we can provide you with a tentative list of community engagement opportunities.

I'm happy to jump on a call with you this week if you'd like to connect. How about Friday after 2:30 pm?

Thank you so much - Alex
