Subject: Update

Hello Barry and Doug,

I'm following up on a few things:

1. The second meeting on Wednesday from 4-5 pm is going to cover Google's interconnection application and further discussion on the alternatives. I think at some point later this week or early next week we should huddle with Lori and decide what alternative we are ready to recommend and pursue with Google. I will discuss this with Lori following our meeting on Wednesday.
2. Also, as part of that 4-5 pm meeting on Wednesday, Google is going to share their information again related to the DA so we can better capture that information and work through it on our end.
3. I'm still pressing to get the SO #6 2nd amendment processed. It with the attorney's office and I know that they are pretty busy with COVID-19. I know this is important and will do what I can to get it done. Thanks for your understanding.

Feel free to call me on my cell (408) 460-8106 or email if you have any questions or need to discuss something.

Take care and be safe.
