Hi Andrea, yes, that is the current version, and yes, those redlines are amendments made in April 2019 to avoid overlap with the DDG.

Cheers
Tim

Subject: DSAP Current version

[External Email]

Tim/Jose,

I wanted to confirm this version of the DSAP is the latest: <https://www.sanjoseca.gov/Home/ShowDocument?id=15739>.

It has substantial redlines for the design guideline section, did this happen at the time of DDG adoption?

Best,
Amanda
