Subject: Diridon Station Update - Online Surveys + 6/26 Community Meeting in Spanish

Here are some updates and reminders about opportunities to get involved with the Diridon Integrated Station Concept Plan process:

- Community Meeting #3 *in Spanish* is this **Wednesday, June 26 at 6:00** at the Roosevelt Community Center. The presentation will begin at 6:30, followed by a workshop to gather feedback. Promotoras from Somos Mayfair will be there to assist with the workshop.
 - Estaremos hospedando una [reunión comunitaria en español](#) para el Plan Conceptual de la Estación Diridon Integrada el miércoles 26 de junio, 6:00 pm, en el Centro Comunitario de Roosevelt. ¡Venga a dar su opinión sobre 3 diseños posibles para la estación!
- Take this [short online survey](#) to share your priorities for Diridon Station and feedback on three possible layouts. The online survey will be open through July 4th, and is also available in Spanish and Vietnamese:
 - ¡Haga esta breve [encuesta en línea](#) para compartir sus prioridades para la Estación Diridon y comentarios sobre los tres posibles diseños!
 - Xin quý vị tham gia cuộc [khảo sát](#) này để chia sẻ ý kiến về sự ưu tiên về khu vực này và ý kiến của quý vị về 3 bản vẽ của khu vực này!

Please help us spread the word about these opportunities!

Thanks,
Lori

Subject: Diridon Station Update: Online Survey Available + Community Meeting in Spanish 6-26

Hi Community Members,

Here are some opportunities to provide input on the Diridon Integrated Station Concept Plan, a collaborative effort by four Partner Agencies (the California High-Speed Rail Authority, Caltrain, City of San José, and VTA) to plan for the expansion and redesign of Diridon Station.

- A [short online survey](#) is available through July 4, 2019. Share your priorities for the station, thoughts on the possible layouts, and any other comments or questions you have about the Concept Plan! Spanish and Vietnamese versions of the survey will be available shortly.
- The Partner Agencies hosted the third Community Meeting on the Concept Plan on June 10th, and are hosting the same meeting in Spanish on June 26th at the Roosevelt Community Center (see attached event flyer):

Diridon Integrated Station Concept Plan - Community Meeting #3 (SPANISH)

Wednesday, June 26, 2019

6:00pm - 8:30pm (presentation will begin at 6:30)

Roosevelt Community Center (901 E Santa Clara St, San José)

At this meeting, the Partner Agencies will provide an overview of progress completed to date, including preparation of three possible layouts for the future station. Following the presentation, there will be workshop activities to gather feedback. The presentation and workshop will be held in Spanish. Interpreters will assist project staff in answering questions and talking with community members about the Concept Plan. We will offer light refreshments and supervised activities for children (age 3+). Families welcome!

The community input will help inform the Draft Vision for the station. Please visit www.diridonsj.org/disc for more information on the project, and help us spread the word about these opportunities!

Thanks,
Lori
