Hi Kevin:

I assume we do not have what Google promised to send? Just want to make sure we are not missing something.

Barry

Hi Everyone,

Our planned agenda for today's meeting at 3 pm is as follows:

1. Review and discuss data to be submitted in the City's Interconnection Application to PG&E. Cindy, Paul and Andrew, please note that we don't have the updated load projections at this time, which we will need to review and submit the application.
2. Discuss our approach to working with PG&E in their review of the application and subsequent studies. Any additional information from PG&E regarding Google's application and PG&E studies would be useful.
