[External Email]

Kevin,

Can we talk tomorrow at 11 or after 3 pm? We'll plan on sending you revised Google Project principles this afternoon.

We are thinking that we can discuss the City's preferred interconnection option (double tap/flip-flop connection) and our thinking about requesting a 25.5 MW interconnection consistent with Google's revised forecast, and the advantages/disadvantages of not requesting the larger interconnection.

Also, I have not received the SO6 amendment #2.

Doug

**Subject:** Prep for Wednesday's Energy Working Group Meeting

Good morning Barry and Doug,

I'm checking in to see how your prep for Wednesday's meeting with Google on the City's

Interconnection Application options and recommendations is going, and if we should plan to discuss prior to the meeting. Let me know if you have any questions/concerns, need my assistance, or feel it would be useful to share and review any information before Wednesday afternoon.

Thanks!
