As soon as possible, as the responses will be crafted into the EIR analysis of cumulative impacts to establish the need for a new Fire Station in the DSAP area and also how to calculate Google's fair share contribution.

Hi Robert,

Assistant Chief Williams passed on the follow up questions to the chief for his input and is asking when we need responses by. I know we need them ASAP, but what is a good date to provide them based on your director's meetings schedule?

Thanks!
