Thanks for reminding me. Just forwarded some spreadsheets that Vic sent me. He raised the question about what to include since the ownership data and Google project site info from the planning application did not fully align. I have not dug into it yet... Take a look and please follow up with me and Vic as needed!

Hi Lori,

Just checking in to find out if you received a response to your email below. Were you able to obtain the number of existing workers on the Google project site and/or an estimate of total existing jobs in Downtown?

Thanks!

Subject: jobs data

Hi Vic and Bige,

Just following up on the analysis of the Google project site using Tolemi. We are finishing the draft materials for the SAAG slideshow, and I would like to include that info.

Also, Planning (Shannon) needs an estimate for the number of existing workers on the Google project site.

Do we also have an estimate of total existing jobs in Downtown? Copying Blage in case she has this info handy.

Thanks!

Lori
