Date: Wednesday, February 12, 2020 4:03:25 PM

Hi Shannon,

I will review the following sections of the Downtown West ADEIR:

- Air Quality
- GHG
- Land Use
- Transportation

Also, both of us should review the following sections:

- Project description
- Population and Housing
- Alternatives

Let's huddle next week. Depending on our timeline and reviews, I may be able to take a few more sections.

Thank you,

David Keyon
