**Subject:** Google: DEIR Revised Project Description (PLEASE REVIEW by 1/17)

Good morning,

Attached is a track changes version of the ADEIR Project Description from Google. Since you provided comments on the draft project description, and some requested reviews are still outstanding, it would be good to get PRNS and ESD input and comments, so the applicant can address any comments on the revised project description before ADEIR-2, which is scheduled to be submitted on 2/10/20.

Robert Manford, David Keyon, and I will be reviewing as well. Changes to the project description will inform the language and analysis in the EIR, so *please plan to submit any comments and/or revisions you have by 1/17/20*. You can insert your comments into the document, and make revisions in track changes. I will compile your comments before submitting them to the environmental consultant.

Please let me know if you have any questions or need additional information in support of your review of the project description.

Thanks in advance for your assistance!
