Subject: RE: Suggested Agenda for 3:00-4:30 Google Meeting Re: Parks
Date: Wednesday, November 20, 2019 12:34:54 PM

Hi Kim,

Thanks for sharing. FYI – I only had this meeting as 1-hour, but I see the subject line has it as 1.5 hours. I have a meeting with the Mayor at 4pm, so will have to leave early.

With respect to the agenda, some thoughts on how we should focus our time:

Item 1. We have already provided this info to Google so they know what the expectation is. We can certainly summarize it quickly for 3-5mins to set context for the group, and see if they have questions if needed.

Items 2 and 3 are what we think are most important to talk about today.

Item 4 seems premature given where we are in the process since we haven't figured out the "what" yet. Item 5, PRNS staff meets regularly with Google technical staff on this, but if there were questions or clarifications we are open to discussing, but would want to avoid getting into the weeds on technical stuff right now.

So, to summarize - #1 for a brief overview and any clarifying questions. Main focus on #2 and #3. And #4 and 5 if we have time, but they do not seem critical at this point.

Hope that helps, thanks!

Sincerely,

Jon Cicirelli |

Subject: Suggested Agenda for 3:00-4:30 Google Meeting Re: Parks

Importance: High

Here is my suggested Agenda flow for the meeting with Google this afternoon.
(Just previewed this with Angel at Agenda Review.) If you're generally OK, I will share with Google.

1. City Requirement and Expectation-Setting Documents
(Parkland Ordinance, MOU, new "Activate SJ" Plan)
2. City High-Level Priority "Basics"
(8 acres dedicated, trail improvements, community center)
3. City Information Needs from Google
(to enable staff review, to ensure clear public communication)
4. Share Interests and Ideas: Mixed Ownership/Maintenance/Programming Models
5. Discuss Design Standards and Guidelines
(role and creation process as relates to parks/public space)
6. Next Steps: What/Who/When

Feel free to pull out what you think for the agenda to send Alexa. I added lots of words to help us get on the same page internally. Let me know if there is anything else I can help with.
