Hi,

John has added the agenda under the calendar event.

1-4pm go over initial comments and department memos.

4-5pm CEQA discussion.

This hopefully is the only meeting that we need the specific PM for each of the respective departments to anticipate staying from 1 to 4pm. Each department will provide an overview of their comments for the benefit of both the applicant and other departments.

4pm to 5pm will be allocated for the CEQA consultants.

Therefore be prepared to go over your comments and have appropriate staff in attendance.

Regards,

James,

I'm wondering whether you'll be breaking down the meeting time further so that google staff and city staff can attend the portion they're interested in? I'm here meeting with Google staff and it would be great if they could know when district systems topics (IWM, CED, and PW) topics would be discussed.

I'm out of the country right now but I am thinking that someone from IWM and community energy should be attending this meeting to respond to any questions on your comments. Can you confirm any staff attendance with James Han?

Hello PMs for the Downtown Mixed Use Project,

Since we didnt have an internal meeting, I wanted to prep everyone for the tomorrow (Thursday Meeting). Attached are Planning and the respective department memos that were coordinated with the respective departments and was provided to the applicant on Friday.

This Thursday the intent is to go over the comments to provide clarifications or more details on the comments. It is not intended to iron out all the issue as that may take additional analysis and coordination. Therefore, please coordinate ahead of time on who would be the facilitator for their respective comments. Please forward as necessary and confirm your attendance with James.

Best,

Tong (John) Tu
