Subject: RE: Diridon All Hands Monthly Meeting
Date: Thursday, September 12, 2019 10:22:28 AM

Hello Diridon team members,

In following up from Monday's meeting, here are links to Google's AB 900 [application](#) (plus supporting [appendices](#)). In addition, the Aug 22 SAAG presentation, including Google's mixed-use framework slides, is linked here: www.diridonsj.org, www.diridonsj.org/SAAG, and www.diridonsj.org/diridon-station-area-plan-google-project.

You should all have received a link to a shared folder, including background information, All Hands powerpoints, and the current team directory and matrix. Please let me know if you have problems accessing the folder, or any questions about the materials.

Thanks!

Lori
