Hey Bethany,

I am looking into this now. I don't know if we have the process detailed out in a document somewhere, I am asking around with our parks managers to see if they are aware of anything or have put something together.

Hi Zak,

Thank you for your presentation today.

Can you forward the webpage or PDF document that outlines the City Parks Master Planning process for developers? I've searched the developer page, but haven't found this information, and I'm not finding it in my files.

Thanks,
Bethany

Hi Bethany-

Thanks for a great meeting Friday and for helping advance our understanding of the project. We wanted to share the documents below as examples of the level of detail and analysis that typically go into parks and trail master plans in San Jose. We would hope that the Diridon West Project will include similar detail and information to support their design.

We've also included a link to the Midtown Specific Plan. You may recall that I mentioned this as one of the reasons the community expects one larger park to be included in the plan.

Please let me know if you have any questions. We are happy to meet with you and the team to further discuss the park planning.

Nicolle,

Here are some relevant documents that demonstrate the level of public outreach, site investigation, coordination and documentation we prepare to confirm with the PRC and Council our design intent.

Pellier Park: Recent master plan, focused on a urban/downtown area
